ACHIEVING SUCCESS THROUGH INCLUSION

The Virginia Center for Inclusive Communities works with schools, businesses, and communities to achieve success by addressing prejudices, in all forms, in order to improve academic achievement, increase workplace productivity, and enhance local trust. Through workshops, retreats, and customized programs that raise knowledge, motivation, and skills, VCIC develops leaders who work together to achieve success throughout the Commonwealth.

“The workshop was riveting, mind-blowing, shocking. But at the same time, filled with hope, compassion, and inspiration — that we DO have a chance to make the world a better place by checking our own biases.”
- Nonprofit Employee

“Thank you. This is exactly what I needed... this retreat proves that we are not alone. And won’t be ever again.”
- High School Student

“This was the 1st professional development I’ve attended in 11 years that I can honestly say: I’ve learned something today, I’ve learned about other’s views and... I’ve become a better professional after this.”
- Corporate Leader
